## Paper

### 120 Bond Premium Poster Paper

#### The Best Posters on Paper – High Quality Colour Posters Printed on Bond Paper

Printing Posters on Paper is what we are best known for, we print many thousands of posters a day delivered to every corner of the UK - cheapest poster printing prices and high quality to your door

We have perfected the art of Printing on standard bond paper to give you the highest quality paper poster prints at the cheapest prices; because we use a special plastic toner process we have no need to print on expensive coated inkjet or giclee paper so our colour poster printing prices are unbelievably cheap.

Even with standard bond paper our process allows us to retain crisp 1200dpi definition to meet the most demanding requirements, and because there is no ink to soak into the paper our poster prints are instantly dry and will not fade, giving you vibrant deep colours.

## Fly-Posters

### 80GSM Bond Poster Paper

#### Fly-Poster Printing

##### –Low Cost Digital Screen Printed Posters

Full Colour Poster Prints at 400dpi, with A2 prices from as little as £2 each, this opens up a complete range of marketing possibilities that were not previously economically viable; cheap POS Posters, Fly-Posters, Shop Signage and Event Posters.

Digital Fly-Poster Prints are the latest offering from our online poster printing service.

We are always on the lookout for great products to offer you and we believe we have excelled ourselves with this one.

Our Fly-Poster Prints are perfect for those medium run poster jobs, way cheaper than litho posters or screen printed posters and too high volume for inkjet to compete on either price or turnaround.

The price of these digitally printed posters is just unbelievably low, and if you need cheap POS "Point-of-Sale" posters that are changed very frequently, this product you have been dreaming of.

If you need around 30-40 posters to promote an event or a short run of posters for shop windows the savings you could save £100's in just one run.

## Waterproof

### 100 Micron Opaque White Film

#### Poster Encapsulation & Lamination

–We Print Outdoor Waterproof Posters Directly Onto Plastic Paper.

Zip-Posters plastic poster prints won't smudge tear or go soggy in the rain.

Your posters will be printed onto our durable 100 Micron Opaque White Film.

Our tough plastic, waterproof poster prints are the superior and far cheaper alternative to Poster Encapsulation & Lamination.

Whenever you need to use your poster prints outdoors or perhaps just for long term in a tough environment, our

durable waterproof posters will stand the test of time.

We used to offer Poster Encapsulation & Lamination but this method was found to be too expensive and didn't last long, especially outdoors.

Unsurprisingly at half the cost of typical Encapsulated or Laminated poster prints, our direct plastic poster printing process is proving rather popular.

We have always prided ourselves on delivering innovative print products and this is no exception, using this method we believe we have the cheapest waterproof poster printing prices in the UK.

Product: Waterproof	1 - 4	5 - 49	50 +
